

Why OKI Printing Solutions?

OKI Printing Solutions is the business printing specialist.

Our single-minded aim is to help businesses to grow and to prosper by enabling them to create the best possible impression with their printed communications. By building on our proven, reliable, single-pass technology, we have developed fast, high quality, cost-effective printing solutions that benefit businesses today and into the future.

We also know how important reliability is for customers. That's why every one of our products is built to perform, day in, day out, helping to maintain business efficiency and provide that competitive edge.

OKI Printing Solutions. No one does more in business printing.

Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI Printing Solutions continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI Printing Solutions' Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

20 years of LED Technology

OKI Printing Solutions pioneered the development of digital LED technology in printers over 20 years ago. This innovation delivers High Definition printing – for more accurate, striking printed documents. Thanks to this digital LED technology, our printers are compact, environmentally friendly and energy efficient, using significantly less raw materials in the manufacturing process and consuming less energy. LED print heads have no moving parts, making our LED printers robust and ultra reliable.

Why Executive Series?

Heritage of award winning products.

Building on OKI Printing Solutions' heritage of award winning products, the exclusive Executive Series range of Multifunction Products, colour and mono printers provide hassle-free document solutions, budgetary control and enhanced workflow efficiency.

Our selected Executive Series partners can provide a print strategy and tailored solution that delivers total peace of mind through fully serviced products and the benefits of predictable budgeting.

CarbonZero Manufacturing Facilities

OKI Printing Solutions' three main production facilities, located in Ayutthaya (Thailand), Shenzhen (China) and Fukushima (Japan), which manufacture printers and MFPs for the company's European and broader global markets have been made "CarbonZero" in a bid to slow down global climate change. This initiative is in accordance with our commitment to reduce total Greenhouse Gas Emissions, with an emissions reduction target of 6 per cent by 2012. This target is in line with the United Nations climate change objectives. We have invested in a range of carbon offsetting projects through co2 balance, to offset these factories' carbon emissions making them 'CarbonZero'.

Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy-efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.

OKI PRINTING SOLUTIONS

Professional and efficient throughput that improves business productivity

The ES5461 MFP puts professional document production and management in reach of every business or busy workgroup. This compact and ergonomically designed desktop MFP is easy to use and allows you to effectively and efficiently copy documents, produce full colour prints, scan to a variety of locations and fax important documents.

Delivering outstanding colour quality on a wide range of media the ES5461 MFP allows your business to produce professional in-house documents that meet your expanding demands.

A combination of OKI digital LED printing technology with advanced digital scanning, a Reverse Automatic Document Feeder (RADF) and automatic duplex printing makes producing copies or making scans of double sided documents a simple task.

The ES5461 MFP is low cost to purchase and to run whilst advanced power management techniques deliver a ‘Deep Sleep’ power consumption of less than 1.5 watts, saving you money when the unit is not in use.

Fast, effective document output and handling

Built to perform, the ES5461 MFP brings fast, high definition colour printing and document management right to the workgroup. The ES5461 MFP combines printing, scanning, copying and faxing with unique OKI software to guarantee optimum operation. ProQ2400 technology gives you consistent outstanding colour output, which combined with the capacity to print on a wide range of media allows you to create professional looking marketing material in-house. Thanks to the standard RADF double-sided documents can be printed, copied or scanned quickly and efficiently.

- Digital LED printing and scanning technology provides outstanding results and exceptional print quality
- Scanning/copying/faxing double-sided documents is quick and simple using the 50-sheet RADF
- Duplex printing as standard
- Print speeds of up to 30ppm and rapid first page out time of 7.5 seconds
- Send and receive fax documents at high speed with Super G3 capability
- ProQ2400 multi-level output quality, 1200 x 600dpi print resolution
- Flexible media handling: from A6 to 1200mm banners; card stock up to 220gsm
- Colour Correct and Colour Swatch utilities enhance colour matching and quality to produce professional office documents
- OKI Template Manager makes it easy to create and print a range of useful documents, like business cards, label and banners

Easy to use features for greater efficiency

The ES5461 MFP is packed full of useful features to improve your businesses efficiency and improve user interaction in your workplace by providing convenient and time saving functions. The large graphical LCD display and the easy-to-use intuitive operator panel, with dedicated function buttons, help the ES5461 MFP to be a valued asset to everyone in the team. High yield consumables reduce costs and increase efficiency.

- Easy to use operator panel, including Copy, Scan, Print and Fax function buttons for simplified interaction
- User adjustable 3.5 inch graphical LCD display for improved visibility of menus and system navigation of advanced features
- Print directly from/or scan to USB stick via Host USB port for user convenience
- Scanning to email, network PC or USB provides flexible document distribution
- Embedded LDAP provides direct access to contact and email data from an existing directory server, saving time and improving the reliability of document delivery
- 5,000 page consumables for higher productivity and reduced cost

Driving your energy costs down

Combining four devices into one, the ES5461 MFP reduces your energy usage, frees up valuable office space and lessens your impact upon the environment. Intelligent features, such as ECO and Deep Sleep modes combined with duplex printing, scanning and copying, ensure optimum productivity whilst helping to protect the environment and the bottom line.

- ECO mode automatically adjusts energy consumption, saving costs and conserving resources
- Deep Sleep mode saves you money by reducing energy consumption to less than 1.5W
- Duplex printing and copying reduces paper and energy usage
- The scanner uses an instant-on LED light source which delivers stable images and lower power consumption

Intuitive control and management tools

Putting you in control, a range of advanced features and in-the-box software utilities provide even more value for your money. These tools can help you control print usage and user access rights, streamline your document handling and assist with file sharing or archiving. The ES5461 MFP is fully networked for sharing across many users, reducing costs and increasing efficiency. A standard layout (Qwerty) keypad allows for instant typing of addresses when emailing scans directly to a recipient, especially when deadlines are tight.

- Nuance PaperPort converts hardcopy into digital content
- Nuance OmniPage (OCR) converts documents into editable electronic files
- Job Programs allows the user to define regularly used functions for repeated use, to save time
- Automated Delivery forwards received emails or faxes to specific email addresses or folders, so that they can be reviewed on the move

- 10/100 Ethernet built-in integration with your network, allowing sharing across many users
- Qwerty keyboard for instant typing of email addresses, for quick turnaround
- Secure Print function allows confidential documents to remain that way
- Colour Access Policy Manager (CAPM) software for controlling and monitoring user access rights
- PrintSuperVision for monitoring, reporting and managing networked printers in real-time
- Print Control allows you to control your print costs and usage

Technology that you can rely upon

The ES5461 MFP is built on tried and tested digital LED technology that has delivered reliable and high quality printing for more than 20 years. With fewer moving parts and single-pass technology the ES5461 MFP keeps on delivering, time and time again.

- Easy-to-replace toners, with single drum unit to minimise user intervention
- Compact and robust design

The ES5461 MFP features at a glance

Print speed (A4)	Colour 26ppm; Mono 30ppm
Time to first print	8 seconds colour / 7.5 seconds mono
Print quality	ProQ2400 Multi-level technology, 1200 x 600dpi
Printer language	PCL6 (XL3.0 & PCL5c) PostScript 3 emulation, SIDM (IBM-PPR, EPSON-FX)
Scan document input	50-sheet Reverse Automatic Document Feeder (R-ADF), flatbed scanner
Scan to	FTP, HTTP, USB stick, E-mail, TWAIN, CIFS

Fax speed	ITU-T G3(Super G3) 33.6kbps, 3 seconds/page
Fax page memory	4MB (approx. 200 pages)
Paper capacity	350 sheets of 80gsm
Paper weight	Up to 220gsm
Dimensions (HxWxD)	444 x 427 x 509mm
Memory	Standard RAM: 256MB; Max. RAM: 768MB (Optional 256MB or 512MB DIMM) Standard SDHC Memory Card: 4GB; Max. SDHC Memory Card: 32GB

Qwerty keypad makes life easier when emailing scans to any recipient
